Rural Water Drip Tray

- Rural water tanks are available in translucent white, or black. (Black eliminates algae formation.)
- All translucent and black tanks are manufactured from materials that meet FDA Regulations 21 CFR 177.1520, and may be used to contain materials for human consumption.
- Rural water tanks have greater than UV20 protection to prevent deterioration from sunlight.
- Rural water tanks come standard with a vented lid and a Banjo heavy-duty bulkhead fitting.
- Optional float valve available.
- Sight gauges available to allow product visibility in black tanks.
- These are standard duty tanks which are typically used to contain liquids with densities up to 14 lb per gallon.
- Standard duty tanks carry a ten 10 Year Warranty against defects in workmanship.
