

ROTO-SHEAR

ROTO-SHEAR

**A high quality vertical crop
cutter adaptable to all swather
and combine header boards,**
cutting through tangled and lodged crops with speed
and efficiency.

Roto-Shear

is owned and manufactured by Free Form.

Roto-Shear owners know that when harvesting lodged or tangled crops like canola and peas, this is an essential piece of equipment that they would never be without again. When time matters most, Roto-Shear has proven itself to be dependable in the toughest harvests, cutting through tangled and lodged crops with speed and efficiency.

Each Roto-Shear kit comes complete with divider board, collector rod, mounting brackets and/or braces, hardware and hose kits as required.

Roto-Shear's are available to fit almost all applications.

REPUTATION

PRODUCTION

Roto-Shear is a high quality vertical crop cutter adaptable to all swather and combine header boards. Developed in partnership with local producers, and extensively field tested to bring you the best product possible. Not only does Roto-Shear allow producers to be more profitable, but many happy customers report that it is a joy to use.

The simplicity and quality of the design makes it essentially maintenance-free. Roto-Shear customers declare that it is the most durable and reliable crop cutter they have ever used, outperforming everything else on the market.
